Care of Lamps

Many housekeepers think there is nothing to be done about the care of lamps, but if the little details here mentioned are adhered to there will be a great difference in the light. First, a lamp must be cleaned and filled every morning; the burners should be cleaned once a week, and the best way is to boil them in water to which

Cold Dust Washing Powder

has been added. Put a teaspoonful into a quart of water and boil ten minutes. The flues should be put into a pan of cold water and heated slowly until the heat has taken off and allow to cool gradually; this softens the glass.

BRYAN TO BE IN COLUMBUS.

CITIZENS Arranging to Give Him a Big Ovation.

COLUMBUS, Ga., Feb. 19.—The details are being shaped up for the visit to Columbus next Thursday of Colonel William J. Bryan, who will arrive here Thursday afternoon from Jacksonville. The idea of sending a special for him has been given out. Colonel Bryan wiring that he did not care for a special.

A committee will go to Albany to accompany the distinguished visitor to Columbus.

Colonel Bryan will be given a big ovation in Columbus. Many people will be here from a distance.

The visit of Colonel Bryan recalls the visit of other presidential candidates. On Monday, March 11, 1884, Henry Clay, vice candidate for president, came to Columbus and delivered an address. Instead of flying through on a modern train he came from Montgomery to Columbus in a stage coach.

Ten years later Columbus entertained, with elaborate ceremonies, President Fillmore and his secretary of the navy, Hon. John P. Kennedy.

THE OYSTER SEASON.

The oyster in his bed of ooze, Waked with a start from his summer snooze, Opened his shell, and said with a yawn: "I fear that our season of safety is gone. For my pleasant dreams were disturbed by the jar That is always caused by the letter R, And I know by the feel of that hideous sleep That some of us shortly will be in the soup!" And so they will, for the sleep was filled with the finest and fattest. This sleep was sent out by Nick Apostle and these choice oysters are now for sale, done or raw, ready to chew, at his restaurant. You can get them by the plate, dozen, hundred, barrel, dry land, wagon load or car load. WINE OF CARDUI

HEALTHY OLD AGE.

LABUE, BENTON CO. ARK., Aug. 4.
I am 49 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.
MRS. E. B. TOWNSEND.

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

POPULIST COMMITTEE MEET.

Convention Will Properly Be Called Simultaneously With Democratic.

LANCORN, Neb., Feb. 19.—A few additional members of the Populist national committee arrived this morning but the representation for this afternoon's meeting will fall short of the early estimates. A conference began in Chairman Butler's room at the hotel shortly after noon in an effort to harmonize the two factions.

The southern delegates, particularly those from Texas, said today they would be satisfied with nothing less than independent action and that in this their strongest supporters are from Kentucky and Ohio. The general opinion this morning of the action of the committee was that Chairman Butler will be empowered to call the national convention for the same time and place as the Democrats.

MISSISSIPPI LEGISLATURE.

Local Manufacturing Industries Are Receiving Attention.

JACKSON, Miss., Feb. 19.—A concurrent resolution has passed both houses of the legislature, inviting home and foreign capital to invest in manufacturing enterprises, especially cotton factories, and setting forth the advantages of Mississippi as a manufacturing state.

Bills to exempt newly established factories from taxation for a period of ten years are now pending and will be passed during the present week.

The Perils of Electricity.

When one of the Edison electric plants in New York caught fire the other evening, the firemen were compelled to let it burn until the current supplied to it from another source could be cut off. If they had squirted water on it, a current of electricity 600 volts strong would have traveled along the stream, burning up the hose and killing every human being it came in contact with.—Philadelphia Times.
